

* Bristol-Myers Squibb (BMS) Access Support® may be able to assist your doctor with questions relating to your access to a BMS medication prescribed.

† BMS Access Support® can help identify financial assistance programs for patients who need help managing the cost of treatment. The appropriate program will depend on the patient's coverage.

‡ For patients with no prescription drug insurance: BMS Access Support® can provide information to your doctor regarding independent charitable programs that may be able to provide financial support, including the BMS Patient Assistance Foundation, a charitable organization that provides medicine, free of charge, to eligible, uninsured patients who have an established financial hardship. These charitable organizations are independent from Bristol-Myers Squibb Company and have their own eligibility criteria and evaluation process. Bristol-Myers Squibb Company cannot guarantee that a patient will receive assistance.
