Bristol-Myers Squibb Access Support® may be able to assist your doctor with questions relating to your access to a BMS medication prescribed.

If Your Cost-Share is a Concern, see below.†

If You Do Not Have Medical Insurance, there may be options to discuss with your doctor. These include:
• Monthly Payment Plan
• Patient Protection and Affordable Care Act (PPACA) options, if eligible
• Charitable foundations‡

For patients with no prescription drug insurance, BMS Access Support® can provide information to your doctor regarding independent charitable programs that may be able to provide financial support, including the BMS Patient Assistance Foundation, a charitable organization that provides medicine, free of charge, to eligible, uninsured patients who have a financial hardship. These charitable organizations are independent from Bristol-Myers Squibb Company and have their own eligibility criteria and evaluation process. Bristol-Myers Squibb Company cannot guarantee that a patient will receive assistance.
